What kind of people take the NEBOSH International General Certificate?

Managers, supervisors and staff from all types of organisations who need a broad understanding of health and safety issues. The certificate helps them manage risks effectively. Many people take the **NEBOSH International General Certificate** as a first step on a career in health and safety. It provides a valuable overview, and is a sound basis for further professional study.

What are the benefits for the organisation?

Many large organisations choose the **NEBOSH International General Certificate** as a key part of their supervisors' or management development program. By ensuring that line managers have a sound understanding of the principles of risk management they build an effective safety culture in the company.

Smaller organisations, operating in lower risk environments, often choose the **NEBOSH International General Certificate** as the appropriate qualification for the manager taking the lead on health and safety issues.

How long does it take?

The course lasts 10 days, from 09th of October to 21th of October, from 09:00 to 17:00

What does the qualification cover?

The **NEBOSH International General Certificate** covers the main legal requirements for health and safety, identification and control of workplace hazards and the practical application of this knowledge. The syllabus is mapped according to the International Occupational Standards for Health and Safety. No previous health and safety knowledge is required but candidates should note that the assessment includes a requirement to write a short report.

Is the NEBOSH International General Certificate a recognized qualification?

The **NEBOSH International General Certificate** is accepted by IOSH – the Institution of Occupational Safety and Health – as meeting the academic requirements for Technician Membership of IOSH (Tech IOSH). It is also accepted by The International Institute of Risk and Safety Management (IIRSM) for associate membership.

How is the course assessed?

Candidates are assessed with written examinations for each of the two taught units. A unit certificate is issued denoting successful achievement of each unit. A Certificate parchment is issued on completion of the two units and the practical assessment.

The participants' number does not exceed the 15 individuals, to optimize interaction
